Most Recently Insured Keep Same Health Insurance Plan

Do you have the same health insurance plan you had last year in 2015, or did you change to a different plan?

Among California recently insured:
- Same plan: 70%
- Changed to a different plan: 25%
- No plan last year/Uninsured in 2015 (Vol.): 5%
- Don’t know/Refused: <1%

Among recently insured with Covered California:
- Same plan: 68%
- Changed to a different plan: 25%
- No plan last year/Uninsured in 2015 (Vol.): 7%
- Don’t know/Refused: <1%

Dynamics Of Health Insurance

Are you, yourself, now covered by any form of health insurance or health plan including a private health insurance plan, a plan through an employer, or a plan through Medi-Cal, or do you not have health insurance at this time?

Based on those who completed the survey in Spring 2016. Previously known insurance status is their reported insurance status in the most recent survey they completed (either Wave 1, Wave 2, or Wave 3).

SOURCE: Kaiser Family Foundation California Longitudinal Panel Surveys
Majority of Recently Insured Californians Have Stable Coverage

AMONG RESPONDENTS WHO COMPLETED ALL FOUR SURVEYS:

- **Has had health insurance for at least two years**: 48%
- **Has had health insurance for one year**: 15%
- **Remaining uninsured**: 16%
- **Never had coverage before, but got insurance in 2016**: 7%

**14% with Unstable Health Insurance Status**

**IN, OUT, BACK IN**: 5% got insurance in 2014, became uninsured in 2015, but got insurance again in 2016

**IN AND OUT**: 9% got insurance in 2014 or 2015, but are uninsured in 2016
